

## DECLARATION AND POWER OF ATTORNEY

We, Brad L. Noll; Frank Kock; Clark Behnke; and Salvador Valdivia, declare:

We are citizens of the United States of America and residents of the City of Atascadero, County of San Luis Obispo, State of California; City of Atascadero, County of San Luis Obispo, State of California; City of Paso Robles, County of San Luis Obispo, State of California; and City of Paso Robles, County of San Luis Obispo, State of California, whose post-office addresses are 4680 Mananita Avenue, Atascadero, California 93422; 9545 Lakeview Drive, Atascadero, California 93422; 3350 Bullock Land #43, San Luis Obispo, California 93401; 619 Shannon Hill Drive, Paso Robles, California 93446; and 1929 Beechwood Drive #D, Paso Robles, California 93446, respectively.

We verily believe ourselves to be the original, first and joint inventors of the improvement in "Double Check Valve Assembly" which is described and claimed in United States Application No. 10/692,465.

We have reviewed and understand the contents of the specification, including the claims.

That this application claims the benefit of earlier filed United States Provisional Patent Application Serial No. 60/420,698, filed October 23, 2002.

That, as to the subject matter of this application which is common to said provisional patent application, we do not know and do not believe that the same was ever known or used in the United States before our invention thereof; or patented or described in any printed publication in any country before our invention thereof or more than one year prior to said provisional patent application; or in public use or on sale in the United States more than one year prior to said provisional patent application.

That said common subject matter has not been patented or made the subject of an inventor's certificate before the date of said provisional patent application in any country foreign to the United States on an application filed by us or our legal representatives or assigns more than twelve months prior to said provisional patent application.

That the first filed application for patent or inventor's certificate on said invention set forth in said provisional patent application filed by us or our legal representatives or assigns in any country foreign to the United States is: none.

As to the subject matter of this application which is not common to said provisional patent application, we do not know and do not believe that the same was ever known or used in the United States before our invention thereof; or patented or described in any printed publication in any country before our invention or more than one year prior to the date of this application; or in public use or on sale in the United States more than one year prior to the date of this application.

That said subject matter of this application which is not common to said provisional patent application has not been patented or made the subject of an inventor's certificate in any country foreign to the United States on an application filed by us or our legal representatives or assigns more than twelve months prior to the date of this application.

That the first filed application for patent or inventor's certificate on said invention first set forth in this application filed by us or our legal representatives or assigns in any country foreign to the United States is: none.

We acknowledge our duty to disclose information of which we are aware which is material to the patentability of this application in accordance with Title 37, Code of Federal Regulations, §1.56(a) including matters as occurred between the filing date of our said provisional patent application and the filing date of this application.

We declare further that all statements made herein of our own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment or both, under Section 1001 of Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the application or any patent issuing thereon.

We hereby appoint William H. Logsdon, Registration No. 22,132; Russell D. Orkin, Registration No. 25,363; David C. Hanson, Registration No. 23,024; Frederick B.
